

Leaving Cert Polish - preparation courses in Dublin.

We work with Irish schools to teach Leaving Certificate Polish tutorials to groups of students. The sessions are once a week for 6 or 12 weeks within the school.

Our teachers are experienced with university qualifications. They are recognised by the Teaching Council and cooperate with the CDVEC in Dublin.

We prepared many students for the 2011, 2012 and 2013 Leaving Cert Polish exam throughout Dublin. We taught individuals in our offices in Dublin 4 and classes of students in their schools. Our feedback has been positive with many of the students achieving A and B grades in their exams.

For our courses we provide a high quality of teaching with an individually tailored approach, nice atmosphere and stimulating environment.

We organise Mock exams for students and grade them according to official guidelines.

Location:

Dublin schools - afternoons, after classes

Dublin 4 - individual lessons

Our teachers mark all of the essays students write every week during the course and provide all the materials required for the course.
