

Points Trajectory Planner

5 th Year			6 th Year			CAO Points	Course choices
						600	
						500	
						400	Target Course 380 pts
						300	
						200	
Mid Term	Christmas	Summer	Mid Term	Christmas	Mocks		

<p>Use this to chart your progress to the points you will need for your target course. Convert the grades from each exam into points and mark it on the table.</p>	<table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="width: 25%;">Higher</th> <th style="width: 25%;">Points</th> <th style="width: 25%;">Ordinary</th> <th style="width: 25%;">Points</th> </tr> </thead> <tbody> <tr><td>H1 (90-100)</td><td>100</td><td></td><td></td></tr> <tr><td>H2 (80<90)</td><td>88</td><td></td><td></td></tr> <tr><td>H3 (70<80)</td><td>77</td><td></td><td></td></tr> <tr><td>H4 (60<70)</td><td>66</td><td></td><td></td></tr> <tr><td>H5 (50<60)</td><td>56</td><td>O1 (90-100)</td><td>56</td></tr> <tr><td>H6 (40<50)</td><td>46</td><td>O2 (80<90)</td><td>46</td></tr> <tr><td>H7 (30<40)</td><td>37</td><td>O3 (70<80)</td><td>37</td></tr> <tr><td></td><td></td><td>O4 (60<70)</td><td>28</td></tr> <tr><td></td><td></td><td>O5 (50<60)</td><td>20</td></tr> <tr><td></td><td></td><td>O6 (40<50)</td><td>12</td></tr> </tbody> </table>	Higher	Points	Ordinary	Points	H1 (90-100)	100			H2 (80<90)	88			H3 (70<80)	77			H4 (60<70)	66			H5 (50<60)	56	O1 (90-100)	56	H6 (40<50)	46	O2 (80<90)	46	H7 (30<40)	37	O3 (70<80)	37			O4 (60<70)	28			O5 (50<60)	20			O6 (40<50)	12
Higher	Points	Ordinary	Points																																										
H1 (90-100)	100																																												
H2 (80<90)	88																																												
H3 (70<80)	77																																												
H4 (60<70)	66																																												
H5 (50<60)	56	O1 (90-100)	56																																										
H6 (40<50)	46	O2 (80<90)	46																																										
H7 (30<40)	37	O3 (70<80)	37																																										
		O4 (60<70)	28																																										
		O5 (50<60)	20																																										
		O6 (40<50)	12																																										
<p>Now look at the courses you would like to do and find out how many points each one required last year – insert the courses in the last column and mark the points required in the CAO point's column.</p>																																													
<p>As you mark in the points for each exam in turn connect the marks to form a graph – this should be pointing to your target from the beginning. The flatter the graph the more likely you are to hit the target. If the graph is very steep you may be aiming too high and need to look at your course choices or your study methods.</p>																																													
<p>Whatever the results it is important to do a proper evaluation of how you performed after each exam. This helps you identify the problems and make plans for the next exam. See next page for guidelines.</p>
