

Benefits of our Course

21st century learning – self-directed learning. Mobile, tablet, PC friendly – students can learn at school or at home.

Over 12 hours of content expandable to 20 hours with animation, audio, video and scenario based learning, activities and quizzes throughout.

8 modules packed with content

Full access to a toolkit for further learning with downloadable PDF documents, videos, glossary of terms and relatable websites.

Certificate of Achievement upon completion of the course for each individual student.

Students locked to each module before they are allowed to progress to the next module.

Options for **students to work at own pace** and ability.

Teachers/educators will be **updated on the students progress** throughout and students will get a weekly e-mail reminder.

Timetable friendly to work around schools needs, timetables and for blended learning options.

Can be used for **work experience/school trips, activities** and added extra options for students as well as self directed learning workshops.

Fully compliant with GDPR.

A **narrator Prof Kit Woods**, the Greene family and a virtual town of Kilakee will guide the student through scenarios based on real life events where they analyse case scenarios and decide on the outcome.

State of the art eLearning platform with a robust and secure design while maintaining a student friendly/age appropriate feel and positive learning experience for all.

The Law Uncovered

This unique 8 module eLearning course is packed with content and a valuable life resource.

LawEd has worked with over 40,000 young people over the past 10 years, we know how and what young people want to learn.

Our experience is that young people love learning about the law. Their relationship with the law is complex and it touches nearly every part of their lives.

Many youths have questions about the law – but they do not know where to turn to for answers.

“The Law Uncovered” is designed to be their first stop to explore and understand all their legal rights and responsibilities.
