

CONSTRUCTING YOUR FUTURE

Work Experience in the Construction Industry for
Transition Year / Leaving Certificate Applied Students

The Construction Industry Federation (CIF), is the construction sector trade representative body in Ireland. The construction sector is constantly growing and will be the vehicle that provides solutions to housing, green energy and better infrastructure (roads, water, hospitals etc.) in Ireland. In order to achieve these objectives, the industry will create 80,000 new, well paid career opportunities for young people over the next 10 years in varied careers.

To raise awareness of career opportunities in the construction industry, CIF wants to encourage students of Transition Year and Leaving Cert Applied to seek to complete the work experience element of their course in the construction industry / built environment. This industry has many exciting careers available over the coming years.

CIF would like to hear from students who do work experience in the 2022, 2023 school year by inviting them to submit a short video (max 5 mins), outlining what they learned, who they met and a general overview of their experience.

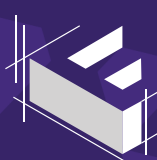

Prizes for best video:

- 1st Prize €400 Ticketmaster Voucher
- 2nd Prize GoPro Camera *
- 3rd Prize Apple AirPods **

To express your interest please email Trish Flanagan at tflanagan@cif.ie.

Closing date for submission of entries 21st April 2023

To enter & for more information visit:
